

## ABOUT COFFEY PROJECTS

Every stage of a project must be effectively managed to ensure potential challenges are overcome and extraordinary outcomes are delivered on budget and ahead of schedule.

Coffey Projects has experience and specialist knowledge at every stage of the project management lifecycle, from training and project brief formulation to delivery and handover. Sharing the challenges of clients in the property, government, infrastructure and resources sectors, we have delivered iconic and award-winning commercial, residential, retail, tourism and hospitality, industrial, urban redevelopment, health, education, justice and transportation infrastructure projects to hundreds of communities around the world.
